

CITY KIDS DESIGN LAB VOLUNTEER SCHEDULE

Monday - Thursday (1st week of the month only)

10:00 AM - 3:00 PM

230 Jones St. SF, CA, 94102

The City Kids Design Lab is a program of City Impact set to reach the kids and youth of the Tenderloin community through Art, Music, & Fashion.

We are empowering kids to pursue greatness in the fields of entrepreneurship, design, music, art, fashion, and so much more! We aim to use these creative outlets to build lasting relationships with them, that in turn can help change their trajectory in life.

We have recently launched The Design Lab shopping experience, which is exclusively opened only once a month to love and empower families by clothing them with dignity.

The store is filled with Brand New clothing from top brands all across the city. The best part is that everything is complimentary. Guests with VIP shopping passes can shop up to 10 items complimentary.

We have been able to bless countless families in our community, however we want to bless families past our 50 square blocks!

Volunteer with us during our monthly hours by hosting families & guests and help us organize our space. Email us for more information!
